

LEOPARD LINK

September 2016

Principal's Message:

Dear Parents and Students-

We are off and running in a new school year.

Things are running smoothly, and I know it's because of parents, teachers, and students. Please make note that our Back To School Night is September 1, 2016 from 6:00-7:00pm. Everyone will meet in the lunchroom. After going over some brief information, parents will attend a session in their student's classrooms. We will have two sessions. The first one will run from 6:20pm-6:40pm, and the second one will run from 6:40pm-7:00pm. We look forward to seeing everyone there.

FYI- In case you haven't heard, we have a new morning procedure at Larsen Elementary this school year. If your students arrive to school before the 8:25am bell, they will have a few options available. Those students who need to eat breakfast, may head to the lunchroom any time after 8:00am. For those students who aren't eating breakfast, or when those eating breakfast are finished eating, they will have two choices. Students may either read a book quietly in the South Theater, or they can play outside until the bell rings. The reason for the change is because teachers arrive at 8am and need that time to finish preparing for the day. This has taken place in the past, but as teachers have been in and out of their rooms, students have occasionally remained unsupervised. In an effort to allow teachers time to prepare, and students to receive proper supervision, we have come up with the above options. Thanks for the support! Students have adjusted well, and it seems to be accomplishing the needs of both students and teachers.

We have so many exciting things happening at Larsen this year! One thing students will be doing is working individually and as a class to become student leaders. Students will be highlighted monthly at our assembly, and then pictures will be posted in the entryway. Parents, make sure you pop in the building occasionally and encourage your children to keep up the great work.

PTA NEWS

We're so excited for the Carnival this year!

STUDENT "SPOT" LIGHTS

In the months throughout the school year, we will include pictures and information about students who are working hard to be great student leaders. Students will work both individually and as a class, to meet goals and achieve academic success.

We would like to introduce our Larsen Student Council Members for 2016-2017.

Teni Worthen

Logan Beckstead

Shanae Orton

Alekssa Uribe

Madison Olsen

Nadia Cadena

Jasmin Flores

Zacary Jones

Aaron Lopez

Savanna Martinez

Melanie Solorzano

Joshua Ledford

Our 4H Ambassadors for the 2016-2017 School Year will be:

Abby Jackson

Addison Stubbs

Kyler Huff

Lily Guilbert

Joseph Child

Makell Heaton

Jarrett Harris

Siale unufe

Mckenzie Tenney

Warner Steed

Ezra Cadena

Ella Nielson

WHAT'S HAPPENING THIS MONTH

We have some exciting field trips happening this month. Our 3rd Graders received a grant to be able to attend the Curiosity Museum at Thanksgiving Point. 4th Graders will be making their way to the Jordanelle Dam and Hydro Plant to learn about all of the workings that take place there. A big thanks to Central Utah Water Conservancy District for providing our 4th Graders with this experience.

Make note that students will be having a half day on September 19. All students will be dismissed from school at 12:00pm. Teachers will be in training during the afternoon. Please make arrangements for your students to be home early from school on this day. Thanks!

3rd and 4th Grade Students will also be starting a Keyboarding class this month. If your students have the opportunity to practice these skills at home, please encourage them to do so.

School pictures will be on September 9th. Watch for information and packets to come home within the next two weeks.

* JUST A REMINDER *

Please try and make after school arrangements, before dropping your child off at school for the day. We understand that plans can change, but if this occurs, give the school a call by 1:30pm on Mondays, and 2:00pm on other days, so that the office staff has time to get the information to your children. Thanks for your help with this.
